V-8 TIMES Index of Articles

Thanks to the efforts and computer skills of Frank Scheidt, the V-8 TIMES Index of Articles has been organized to facilitate locating articles. Information within the Headings has been sorted by Model Year with Ford appearing at the beginning followed by Mercury. Articles are listed by Model Year rather than chronological order as they originally appeared in the V-8 TIMES.

Reading the Index of Articles

The Index of Articles has been updated. The new listing looks like this "99-Jan/Jeb-66."

The first two digits indicate the year, i.e. "99" = 1999.

The JAN/FEB indicates the issue, i.e. January//February.

The last digits "66" indicates the page number where the article/item appears in that issue.

VOLUME NUMBER				ISSUE NUMBER
1-1964	15-1978	28-1991	41-2004	Number 1 - January/February
2-1965	16-1979	29-1992	42-2005	Number 2 - March/April
3-1966	17-1980	30-1993	43-2006	Number 3 - May/June
4-1967	18-1981	31-1994	44-2007	Number 4 - July/August
5-1968	19-1982	32-1995	45-2008	Number 5 - September/October
6-1969	20-1983	33-1996	46-2009	Number 6 - November/December
7-1970	21-1984	34-1997	47-2010	
8-1971	22-1985	35-1998	48-2011	
9-1972	23-1986	36-1999	49-2012	
10-1973	24-1987	37-2000	50-2013	
11-1974	25-1988	38-2001	51-2014	
12-1975	26-1989	39-2002	52-2015	
13-1976	27-1990	40-2003	53-2016	
14-1977				

Index of Articles

Compiled by

FRANK SCHEIDT

Brockport, New York

A number in parenthesis immediately following the article reference is the model year to which the item pertains. In many cases, the same information may be valid for other model years as well, but the year given is the one originally intended.

From 1939 on, a list of Ford colors usually includes, or is the same for Mercury.

Correct upholstery as mentioned in the articles usually means "colors and materials."

Concerning the section "Issues In Which Certain Years were Featured" - These issues usually not only show factory photographs, advertisements, etc., but accessories and other pertinent information for that model year.

Table of Contents

I. ENGINE

1. Cooling-Fan-Pump-Radiator
2. Crankshaft-Camshaft-Bearings
3. Fuel System
